The Pac Plus Compactor

Packs more. Cuts costs.

60 DAY RISK FREE TRIAL!

6-yard all-in-one front load compactor

At least 50% better compaction than others, **and we'll prove it.**

24" load height is convenient and safe.

Loading chamber holds (2) 55-gallon bags.

30% smaller footprint - fits where others won't.

All hydraulics internal - no operator or user interaction necessary.

Installation requires only a 220v single phase connection.

Sealed unit - leakage, rodents, and pests are virtually eliminated.
